

SWEEPRITE G1 SUPER GUTTER BROOM SKID STEER ATTACHMENT

Make your sweeping more efficient and effective by pre-sweeping your gutters with the Sweeprite G1 Super Gutter Broom.

The G1 is a more economical choice than re-sweeping with your street sweeper and more effective than a plow blade.

The G1 attaches to any skid steer with industry standard quick attach plate and quick connect hydraulics.

- Can be run on either the left or right side of road
- Superior visibility from the cab of your skid steer
- Broom down pressure
- Adjustable attack angle
- Spring-protected broom to prevent damage from impacts with obstacles
- Drag shoes follow uneven road surfaces
- Adjustable center deflector controls debris flow
- Water-spray ready with 5-nozzle spray bar
- 80-Degree discharge angle nozzles
- Easily maintained
- Optional 25 Gallon water tank

Specifications:

Broom: 5-section wire, 48" bristle diameter, 34" plate

Hydraulic Motor Flow: 10 gal/min,

Broom Rotation: 60 - 120 rpm

Water Pump Capacity: 4 gal/min
